## MATHIOYA LAST MILE WATER SUPPLY PROJECT

TENDER NO.: AWWDA/GOK/P/MLM/W-10/2024

### RESPONSE TO CLARIFICATIONS SOUGHT BY BIDDERS

S/No.	Request for Clarification / Query	Response
1.	Under section 3.12 of the tender, it is indicated that the selected tenderer will be given an opportunity to register with NCA prior to award. However, under the preliminary evaluation (all are mandatory), there is a requirement under point # 15 to submit the NCA license and certificate, please clarify what whether NCA registration and certificate will form part of the evaluation since it further states a firm lacking the above shall be disqualified.	NCA registration and certificate will form part of the evaluation criteria. Firms lacking the above will be disqualified.
2.	Section 1.18-The contractor is required to provide, maintain and handover the vehicle upon completion yet this is not included in the BOQ.	The bidder should only provide the rates for the items included in the BOQ.
3.	Section 1.23-Equipment for the employer-Can we get specifics to what type of equipment and spare parts are expected to be handed over at the end of the contract. currently, this seems vague the way it has been presented.	The bidder should only provide the rates for the items included in the BOQ.
4.	Section 9-Borehole drilling is included in the general requirements but not included in sow and BoQ.	The bidder should only provide the rates for the items included in the BOQ.
