5 selesai jika fitur vip nya terkunci silakan lakukan clear data pada aplikasi bankshooter atau aim4linenya kembali cara ini dapat kamu kombinasikan dengan menggunakan script gameguardian agar garis long line nya terlihat tebal

3 kemudian buka aplikasi virtual dan tambahkan game 8 ball pool dan gameguardian ke dalam virtual lalu clone juga script cheatnya apabila kamu menggunakan virtual vmos dengan menjalankan aplikasi file transfer di dalam virtual vmos

english refers to the spin you put on the cue ball when taking your shot sometimes you ll have a tricky shot where the ball you want to sink is dangerously close to the pocket instead of shooting with minimal power tap on the cue ball button in the top right corner of the screen from here you can cap on the spot you want to make contact with on the cue ball tapping near the bottom adds backspin which is handy if the ball you re aiming for is close to the pocket tapping near the top adds front spin propelling your ball forward even after it hits your target ball handy for breaking tapping the sides can help the cue ball move in a desired direction after you hit your target ball setting you up for your next shot

playing friends is easy sign in with your miniclip or facebook account and you ll be able to challenge your friends straight from the game challenge friends anytime anywhere and show off your skills

đồng thời game còn được lồng ghép cùng hiệu ứng sống động điều này giúp cho người chơi có được cảm nhận chân thực nhất và giống với ngoài đời thực âm thanh được đưa vào game từ tiếng chọc bi a tiếng bóng va chạm vào nhau cho đến tiếng rơi vào lỗ đều hết sức chân thực

8 ball pool let s you shoot some stick with competitors around the world it is wildly entertaining but can also gobble up a lot of time as you ride out a winning streak or try and redeem yourself after a crushing loss all of this in the name of earning coins and cash to buy better cues and play at high stakes tables

cara ini yaitu menggunakan aplikasi tambahan yang bernama bankshooter atau aim4line kamu cukup menginstallnya saja dan menjalankan fungsinya dapat digunakan untuk pengguna android yang belum root non root
